

RAY

RAY SHELTER

The RAY shelter offers you a way to host people in a nice atmosphere. This structure can be used as a shelter on events but is also often built as lobby or bar on all kind of locations. The RAY shelter is known for its open & inviting design.

The structure can be built relatively fast which gives you the flexibility to use this structure in a seasonal way. Of course you can also leave it on the same spot for years.

The structure can be created in 15 different colors.

Materials

The outerskin of this structure is made from PVC. This means that the structure complies to the European standards for fire safety.
